

HOME SCHOOL PROGRAMS

CURRICULUM AND INSTRUCTIONAL CONTENT:

- This is a hands-on after school class where students build machines, buildings, vehicles and other structures out of LEGO® Bricks, using one-of-a-kind model plans designed by Bricks 4 Kidz®.
- While exploring principles of engineering, architecture, physics and more, students will develop problem solving and critical thinking skills.
- Instructional content is multi-disciplinary and designed by educators to increase the student's general knowledge and introduce **S.T.E.M.** (science, technology, engineering and math) concepts related to the day's model.
- Lessons are designed for ages 5 through 12 years of age.

GOALS:

- To build problem-solving skills, provide an opportunity for creative expression and foster an appreciation for how things work.
- For students to play and socialize with friends while learning the fundamentals of engineering and architecture in a non-competitive setting.

BENEFITS:

- **Program can a FUNDRAISER! Bricks 4 Kidz will donate 10% of the gross revenue back to your organization.**
- Students with a partner to build collaboration, critical thinking, creativity, and communication skills.
- Completing a new challenge each week builds self-esteem.
- Bricks 4 Kidz hires, supervises, and pays teacher and assistant.
- The school only has to provide a classroom and distribute information to the students and parents about the program.

Program Services:

- In-School Field Trips/Workshops
- Bricks 4 Kidz can provide Pre-K and customized school-aged programs for home school organizations
- Bricks 4 Kidz manages all registrations for the programs.

2015 SUMMER ENROLLMENT DATA:

- We had many students attend our summer camps from local school systems. How many students attended from your school system in our summer camps?

School System	Total
Orange County Public Schools	18
Spotsylvania County Public Schools	50
Stafford County Public Schools	10
Private Schools, Homeschoolers, etc.	60
