

III. **Leadership Positions** – In general, a candidate should have one major or two minor leadership positions to meet the leadership requirements. This includes positions in which you were responsible for directly leading your peers. Name your position of leadership, **write a paragraph with specific evidence and detail to describe your leadership responsibilities**, and have the sponsor of the organization read and sign it. There is room to describe three leadership positions. If there are more you wish to include, feel free to add these positions on another page.

Non- School Sponsored Leadership

You must submit a letter from all supervisors or sponsors of all **non-school related** activities.

Note to Sponsors of Non-MHS sports or activities

Please write a letter which describes the candidate’s leadership. Discuss and comment on specific projects or activities that the candidate has completed where he or she had successfully demonstrated leadership qualities and led his or her peers. Please include the location and approximate date and duration of the activities. Thank you.

IV. **Service Activities** –National Honor Society candidates should demonstrate a history and lifestyle of community service. Your service should represent activities that you have participated in throughout your high school experience, not 2-3 service projects completed in the last few months. Many of you have been keeping a service log for documentation for the Graduation Community Service Seal. You can get a copy of this log from the guidance office to include with your candidate form. You should have at least 30 hours of community service documented to be considered. You must include a copy of a service log with your NHS Candidate Form along with the following written response.

Answer the following prompt. Your response should be typed and at least one page double-spaced, 12 point font.

Describe your personal history of community service. Discuss and comment on specific projects or activities you have completed. Please include the location, approximate date, and duration of your activities. It is important to fully articulate the circumstances of your service activities.

I understand that completing this form does not guarantee selection to NHS and that the information presented here is accurate. National Honor Society membership is an honor to be bestowed on a student, not a position for which one applies.
